

Product Description

Purified Sea Salt with YPS

Cargill Purified Sea Salt with YPS is a food grade, granular, white crystalline sodium chloride product manufactured under stringent process control procedures. Cargill Sea Salts are made from Pacific Ocean sea salt, which is harvested from ponds near the San Francisco Bay.

Product Application

This material is intended for a variety of end uses. It is particularly well-suited for use in dry salt dispensing and brining applications. Food uses include baking, cheese manufacture and meat processing. This material contains Yellow Prussiate of Soda, which is added to improve caking resistance.

Product Certifications

Cargill® Sea Salts meet USDA, FDA and Food Chemicals Codex for food use.

Cargill® Sea Salts are certified Kosher for Passover (OU-P) by the Orthodox Union.

Allergen Status

In accordance with the 2004 USA Food Allergen Labeling and Consumer Protection Act (FALCPA), no allergen declarations are required for this product.

Storage and Shelf Life

Salt products do not have a shelf life in the traditional sense. Salt will not spoil or support pathogenic growth. Please see the following information regarding Shelf Life, Caking Resistance, and Storage conditions:

Shelf Life: Indefinite

Caking Resistance: Caking resistance varies depending on the crystal size, additives and storage conditions. End use application should be taken into consideration when determining acceptable product life in regards to caking resistance. Cargill Purified Sea Salt with YPS has an estimated caking resistance of 9-12 months.

Storage Conditions: To improve caking resistance, product should be stored in a dry, covered area at humidity below 75%.

Physical Information

Purified Sea Salt with YPS

PHYSICAL	MIN	TARGET	MAX
NaCl (%)	99.7	99.96	100

Why Cargill?

- Salt products are an integral part of Cargill – one of the world's largest food ingredient providers and a recognized leader in the food processing industry.
- Our products go well beyond standard and high purity salt: Our Alberger® brand, Microsized®, Premier™, CMF®, sea salts, and our sodium reduction solutions such as Potassium Pro® and FlakeSelect®, make up the most extensive product line in the Industry.
- All products are produced under HACCP manufacturing practices and audited by a third party food safety firm.
- We offer full EDI capabilities for customers who need to exchange information via Electronic Data Interchange and the only online ordering portal in the industry, www.cargillsaltstore.com.
- Cargill's nationwide distribution capabilities, combined with the best logistics and customer service specialists in the business, ensure that you get the right salt at the right time.
